GUARANTEE

To give you exactly what you pay for. We are members of the National Ass'n. of Commercial Dahlia Growers and strive to let their high code of ethics govern every transaction.

QUALITY OF STOCK

All plants are shipped from 3 in. pots. Rooted cuttings are produced in such manner that they never turn yellow from checked growth, due to remaining in the rooting medium too long. They always have strong root systems, often small tubers and in past seasons have given unanimous satisfaction. We always ship them in an upright position, allowing plenty of ventilation, so they reach you with green foliage and straight stems.

See our catalogue for quotations on varieties not listed herein.

Most Varieties listed herein are to be had in reasonable wholesale quantities. A few are limited. As soon as your wants can be determined place your order and play safe.
